

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

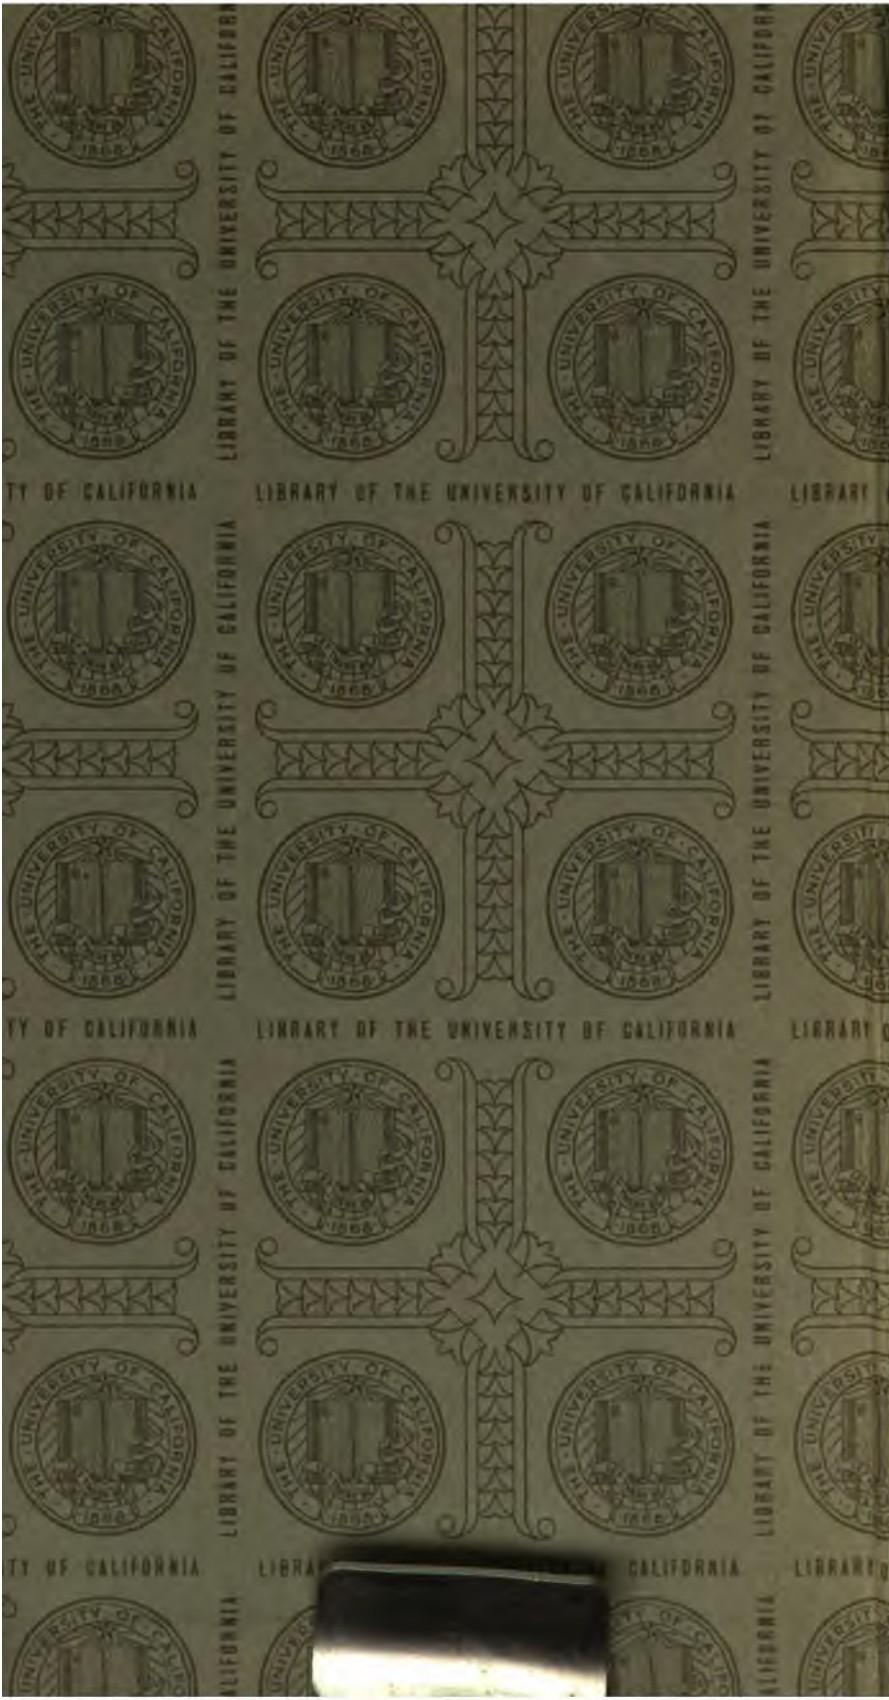

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTORY.

THE Library, represented in the following catalogue, is believed to have been the first instituted under the general statute, authorizing towns and cities to raise and appropriate money for founding and maintaining public libraries. It was established by a vote of the town, March 30, 1857. The sum of \$934—being \$1.00 for each ratable poll of the preceding year—was appropriated for its foundation; and an additional sum of \$233—being 25 cents for each ratable poll—was voted for its maintenance and increase during the then current year. These were the extreme sums which could be legally raised by taxation for the purpose.

A suitable place having been provided, the Library was opened to the public, Dec. 2, 1857. It then contained 900 volumes.

Liberal appropriations by the town, and generous gifts from private sources, year by year, increased the number of books; and when, in 1869, the present commodious building was completed, at a cost of \$45,000, with shelving for 44,000 volumes, 11,000 were placed in the alcoves.

Since 1870, the resources have been increased by the income of the Gardner fund of \$10,000, so called in honor of the giver, JOHN L. GARDNER, Esq., of Brookline. Many valuable works have been added from this endowment, which the trustees would hardly have felt warranted in purchasing from money raised by taxation.

The Library at present comprises about 16,000 volumes, occupying twenty alcoves, and a room shelved for the reference department. These books, carefully selected from month to month during the existence of the Library, consist of standard works of history, biography, travel, and science, and the choicer productions in poetry and

fiction. It is the result of an honest endeavor to meet the desires of an intelligent community for literary instruction and amusement.

The daily growth of the circulation indicates the increasing usefulness of the Library, justifying the faith of its founders, and realizing the wishes of its benefactors.

It is hoped that this catalogue, prepared by skilful hands during long months of diligent application and unremitting labor, will convey to the citizens of Brookline a better understanding of the worth of their Library, and of the considerable extent of its accumulations.

RULES AND REGULATIONS

OF THE

PUBLIC LIBRARY OF BROOKLINE,

Adopted by the Inhabitants at the Annual Town-Meeting,

MARCH 25, 1861.

P R E A M B L E.

THE town of Brookline agrees to hold and manage, for the use of its inhabitants, any devise, bequest, or donation it may receive and accept for the establishment, increase, or maintenance of its Public Library.

RULES AND REGULATIONS.

CHAPTER I.

Of the Board of Trustees, and their Powers and Duties.

ARTICLE I.—There shall be a Board of Twelve Trustees, four of whom shall be elected by ballot annually, at the annual town-meeting, to hold office for three years thereafter, or until their successors shall be chosen, and qualified to act. The Trustees chosen at the annual meeting in the year 1860, shall, at their first regular meeting, divide themselves by lot into three classes. Those of the first class shall hold office until their successors shall be elected, at the annual town-meeting, in the year 1861; those of the second class shall hold office until their successors shall be elected, at the annual town-meeting, in the year 1862; and those of the third class shall hold office until their successors shall be elected, at the annual town-meeting, in the year 1863.

ART. II.—The officers of the Board of Trustees shall consist of a President, Secretary, Treasurer, and Librarian; all of whom shall be members of the Board, except the Secretary and Librarian, who

may be appointed by the Board, at such compensation as they shall determine; the same to be paid from the appropriation for town-officers.

ART. III.—The Board of Trustees shall hold regular meetings on the third Tuesday of every month, except August.

ART. IV.—The President shall call a special meeting of the Board at the written request of any two members, provided such request shall state the object of the proposed meeting; and he may at any time call a special meeting, at his own discretion. All meetings shall be seasonably notified by the secretary in writing.

ART. V.—The Standing Committees of the Board shall consist of three members each, and shall be as follows: viz., 1. The Committee on the Library; 2. The Committee on Accounts and Finances. And they shall at all times be under the control and direction of the Board.

It shall be the duty of the Committee on the Library,—

First, To recommend to the Board, from time to time, such books as it may be desirable to purchase or exchange.

Second, To make such purchases and exchanges of books as the Board may authorize.

Third, To direct in regard to the binding and covering of books, and their preparation for circulation.

Fourth, To determine, subject to the sanction of the Board, what books shall be used only for reference; and to impose such other restriction on the use of the books as in their judgment may be expedient, subject to the sanction aforesaid.

Fifth, Annually, to make an examination of the Library, and prepare, for the adoption of the Board, a report of the condition of the Library, to be presented to the town at the annual meeting.

Sixth, To see that the rules and regulations relative to the Library are complied with.

Seventh, To see that proper books and forms are prepared for the use of the Librarian.

Eighth, To superintend the preparation and printing of such catalogues of the books of the Library as the Board may direct.

Ninth, To have the general charge and direction of the Library rooms.

It shall be the duty of the Committee on Accounts and Finances,—

First, To examine all bills against the Library, and, if correct, to approve the same.

Second, To employ such means as they may deem best to obtain donations in money and books for the increase of the library: all money thus received to be paid over to the Treasurer, and by him passed to the credit of the Library-fund, to be appropriated at the order of the Board.

ART. VI. — At the first regular meeting in April, the officers and Standing Committees of the Board shall be chosen by ballot; and they shall respectively continue to hold office till their successors are appointed. In case of any vacancy occurring during the year, it may be filled at any regular meeting.

ART. VII. — Four members of the Board shall constitute a quorum for the transaction of business; and any number more than one may adjourn a meeting, when a quorum is not present.

ART. VIII. — No book, pamphlet, work of art, or other object whatsoever, offered by any person to the Library, shall be accepted and placed therein, except by express vote of the Board, unless by direction of the town; and immediate notice of acceptance shall then be given to the donor, with a suitable acknowledgment.

ART. IX. — All books, pamphlets, and articles in the Public Library may be exchanged at any time at the discretion of the Trustees for the time being; provided, however, that books, pamphlets, and articles presented to the Library shall not be disposed of, except with the consent of the donor, or his or her oldest heir-at-law.

CHAPTER II.

Of the use of the Library.

ART. I. — Any inhabitant of the town of Brookline, who shall sign an obligation to observe all the existing Rules and Regulations of the Library and all that may be subsequently adopted, shall have free right to take books therefrom, so long as he or she shall comply with the same.

ART. II. — No person shall be allowed more than one volume, and no family of the same household shall be allowed more than three volumes at any one time. Books may be kept out of the Library

fourteen days only ; provided always that any book may be renewed once to the same person, but not more than once, until it shall have remained in the Library one full Library-day. The fine for the retention of any volume over the time above specified shall be two cents for every day it is so retained. The provisions of this article are subject to the discretionary power conferred upon the Committee on the Library by Art. 5, chap. 1.

ART. III.— Any book retained two weeks beyond the time prescribed by these regulations shall be sent for by the Librarian ; and the expense incurred in obtaining it shall be paid by such delinquent.

ART. IV.— All injuries to books beyond a reasonable wear, and all losses, shall be made good to the satisfaction of the Committee on the Library by the person liable ; and any book not returned within one week after demand made for it by the Librarian shall be regarded as lost. If any book be lost, the person for whose use it was taken out shall pay such a sum as the said Committee shall determine, or replace the book, or, if it be one of a set, he or she shall pay the price of the set, and take the remaining volumes, if the said Committee shall so determine.

ART. V.— All books are required to be returned to the Library fourteen days before the annual examination, under penalty of a fine of one dollar ; but seasonable notice of the time shall be given by the Librarian.

ART. VI.— No person having a book from the Library shall lend it to a person not a member of the same household ; and no person owing a fine of forfeiture shall receive books from the Library until the same is paid.

ART. VII.— Every person desiring to take books from the Library for home use shall receive from the Librarian a printed card, on which the book asked for shall be designated, also the number of the shelf on which it stands, in blanks left for the purpose ; and this card, which will be presented to the Librarian as the only mode of obtaining any book which may be asked for, will be retained until the book shall be returned by the borrower.

ART. VIII.— Books of reference, and those deemed by the Board unsuitable for general circulation, shall not be lent, except by an order signed by at least two of the Trustees.

ART. IX. — All persons visiting the Library rooms will be required to demean themselves quietly, and to avoid all unnecessary conversation in the rooms. Any person abusing the privileges of the Library by improper or offensive conduct will be denied admission to the rooms.

ART. X. — The Library rooms shall be open for the use and delivery of books at such times as the Committee of the Library shall designate, but not less frequently than on two afternoons and evenings of every week.

CHAPTER III.

Of the Librarian and his duties.

ART. I. — The Librarian, under the direction of the Committee on the Library, shall have the charge and superintendence of all the rooms of the Public Library, and shall be responsible for the due care and keeping of all the books and other public property contained in them.

ART. II. — He shall be present in the Library in person, or by an assistant, during such times as it may be open to the public; and perform all such duties, under the direction of the Board, as are usually incumbent upon a Librarian.

ART. III. — He shall arrange all the books on the shelves in an order convenient for use; and shall enter, in a record to be kept for that purpose, the time when each book was received; its cost, if purchased; the name of its donor, if given; and any other facts relating to it which the Board may direct: such record to be called the "Catalogue of Accessions."

ART. IV. — He shall prepare such catalogues, books, and forms as the Committee on the Library may direct.

ART. V. — He shall acknowledge all gifts to the Library as soon as they shall have been reported to the Board and accepted; first procuring the signature of the President to each acknowledgment he may make.

ART. VI. — He shall keep a careful record of all such books as are asked for and are not in the Library, and of the names of the persons

asking for them; and exhibit the same to the Committee on the Library, whenever it shall be called for.

ART. VII. — He shall cause a book-plate to be securely fastened in each volume belonging to the Library, — noting on it the date of the book's reception ; the name of the donor, if it be a gift ; the number of the shelf on which it is kept ; and the number it may bear on the Catalogue of Accessions. He shall permit no book to be used or taken until it shall have been entered in said Catalogue of Accessions.

ART. VIII. — He shall annually, at the discretion of the Committee on the Library, call in all books that are out, and prepare for examination the books and other property of the Library under his control ; and shall, at the same time, make and present to the Committee on the Library a detailed report of its condition and increase during the year.

NOTE.

FOR the guidance of all persons wishing to use the Library, it may be well to state, that the catalogue forms one simple, alphabetical arrangement, and is to be consulted like a dictionary.

Every work in the Library is catalogued under its *author* and *subject*. Works of fiction are entered under *authors* and *titles*, anonymous works under *titles* and *subjects*.

The shelf-marks are found in the right-hand margin. All works marked R. L. belong to the reference department, and are not to be taken from the Library, except by special permission of the Trustees.

As the entire Library is now represented in the interleaved catalogues at the desk, all readers will hereafter call for books by their shelf-numbers instead of titles, using the slips furnished for this purpose.
